POS STICKERS

POS STICKER SIZE

When incorporated onto the cover of a book, the artwork should ideally be 45mm diameter, minimum 40mm diameter, for legibility.

40mm

CLEARSPACE PRINCIPLE

When incorporating the logo onto a cover design the clearspace around it should be to the size ratio of the 'Prize for Fiction' boxes, including the gap between 'Prize for' box and 'Fiction' box.

The sticker should be placed on the top right of the book, so that the potential of a background colour of the cover design can surround and involve the sticker in the cover artwork.
